Special Edition Communiqué

The Midland Public Schools' Administration and the Midland City Education Association Contract Team have reached a Tentative Collective Bargaining Agreement for the 2017-18 and 2018-19 school years. Both parties are very pleased to have completed a fair, equitable and responsible collective bargaining agreement months ahead of the expiration of the current Agreement. The openness and information sharing during the negotiation process was the key to reaching this Agreement.

The Midland City Education Association members will take a ratification vote in early January. If the membership ratifies the Tentative Agreement, the Midland Public Schools' Board of Education will take action at their regularly scheduled Board of Education meeting on January 16, 2017.

Details of the Agreement will not be released until after both parties have formally approved the Agreement.
